

AURAPLEX

YOUR FACTORY AUTOMATION SOLUTION

PRODUCT OVERVIEW

Auraplex Sdn Bhd is specialized in labelling machine, 3D printer / printing / scanning and automation solution.

There are various **type of labelling machine** to apply the self adhesive label effectively onto different product packaging to improve **productivity, reduce labour, time saver** and **reduce error** .

Top Labelling Machine

- Suitable to apply label on flat carton, pouch, bag & etc
- Optional auto feeder, expiry date printer(TIJ), checking system, corner press device, collector tray

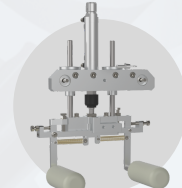

OPTIONAL

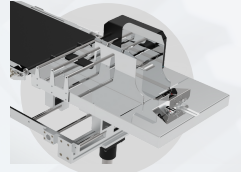

ROLLER CONVEYOR

THERMAL PRINTER

CORNER PRESS

FEEDER

- To apply 1 or 2 labels on flat and oval shape surface
- Optional Rotary in feed and collector table, expiry date printer(TTO), additional applicator(hologram)

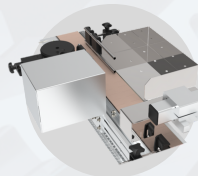

OPTIONAL

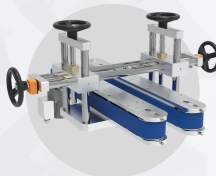

ROTARY TABLE

VISION CHECKING SYSTEM

REJECTOR SYSTEM

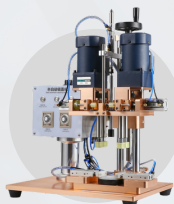

BELT TRANSFER JIG DEVICE

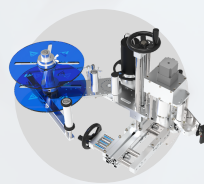

**Front & Back Labelling Machine
(2 Sides Labelling)**

- Meant for round, square, hexagon shape container
- Optional pneumatic catcher device, camera checking, expiry date printer(CIJ), product spacer

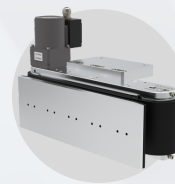

OPTIONAL

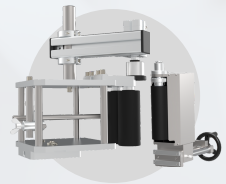

CAPPING MACHINE

HOLOGRAM APPLICATOR

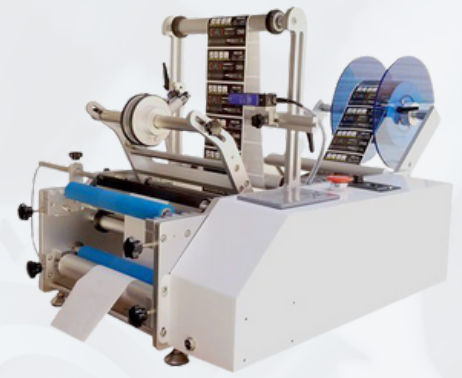

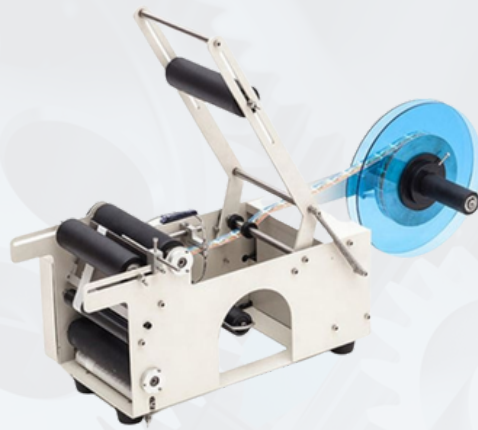

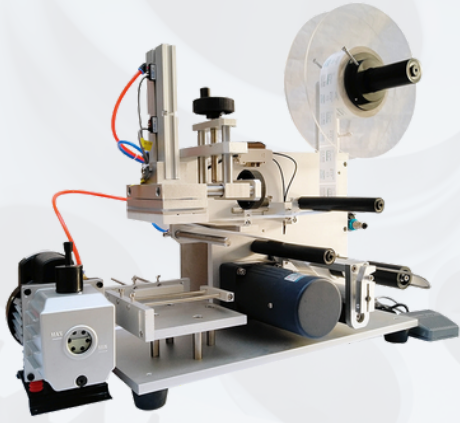

BELT WRAPPING

PNEUMATIC WRAP AROUND

**Vertical Wrap Around
Side Labelling Machine**

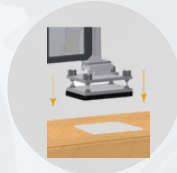

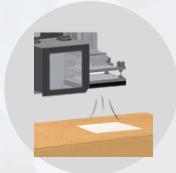

Semi Auto Labelling Machine

- Entry level of machine aids to increase throughput

- Required real time printing and apply the label onto pallet, carton box & etc

OPTIONAL PRINTER

APPLICATION MODULE

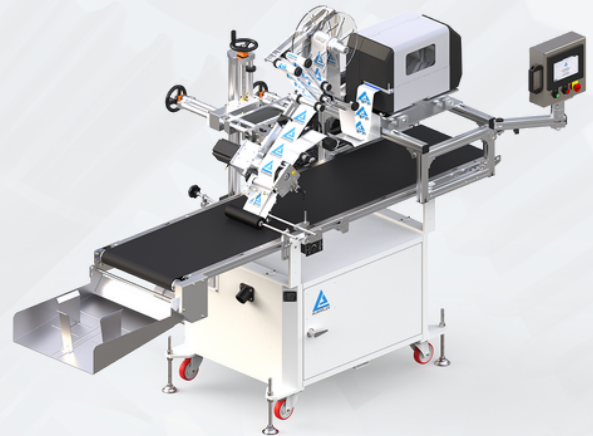

SATO ENGINE PRINTER

ZEBRA ENGINE PRINTER

AIR BLOW SYSTEM

TAMP SYSTEM

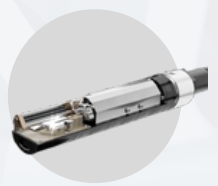

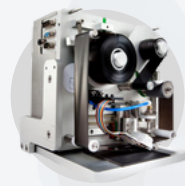

Print & Apply Labelling Machine

- Custom handling system for odd shape product labelling

OPTIONAL

TIJ PRINTER

BARCODE SCANNER

TTO PRINTER

INKJET PRINTER

Custom Made Labelling Machine

- FDM, SLA, DLP technology
- Printing service
- Scanning service
